SUPERINTENDENT SHAFER ANNOUNCES SERIES OF
“WELCOME TO HIGH SCHOOL, CLASS OF 2023”
PEP RALLIES

Shafer to visit every Paterson high school’s freshman class to kick off school year

PATERNON – Superintendent of Schools Eileen F. Shafer announced today that she will be holding a series of pep rallies this fall for the incoming freshmen classes at each of the Paterson Public School District’s 12 high schools.

“We want to reach out to our students who are making the very important transition into high school and let them know of the fantastic opportunities for success we have for them during their high school years,” Shafer said.

“High school is a time when students mature, become more independent and begin making decisions that will impact the rest of their lives,” she said. “We want all of them to make the right decisions, and we’re going to help them make the right decisions by giving them all of opportunities and support that we can. All of this is very exciting. We want to convey that excitement, and that is why we are holding these upcoming pep rallies.”

A schedule of the pep rallies will be released in the coming weeks.
